materials to be provided by EPA. Please also provide a response identifying the Bates range of the documents produced in response to each individual request. If no responsive documents are being produced, please so state. Please also provide a certification that the documents provided in response to this request are true and correct copies of public records held by EPA.

If you determine that any portion of the requested documents or records qualify for withholding under an exemption to the FOIA disclosure requirements and that such materials are not to be made available through discretionary release, I request prompt release of all reasonably segregable information. For all material withheld from release, I request that you (1) identify the withheld material; (2) indicate the FOIA exemption under which material is being exempted; and (3) explain the application of the exemption to the withheld material.

If the materials are not organized in a fashion to facilitate production of the specific items requested, please contact me to discuss the most feasible arrangement for production and review of the relevant materials.

We agree to pay reasonable FOIA fees, as prescribed in the Environmental Protection Agency regulations implementing FOIA, 40 C.F.R. Part 2.107, up to a maximum of \$1,000. If you estimate that the fees will exceed this limit, please inform me.

Respectfully submitted,
